Dear Members,

On the eve of our trip to Astana attached hereto and to the following e-mails please allow us to send you the current latest version of the agenda of our meeting and the briefing materials for the topics 1 and 3-12 for discussion. Topic 2 concerning the forthcoming parliamentary elections will be send separately. The hard copies will be distributed to you before our flight or on board the plane.

With regard to topic 3 of our Agenda: “Program of the Nation: 100 concrete steps – 5 institutional reforms” please allow us to draw your attention to the presentation prepared by our company, which contains a complete and comprehensive summary of the reform. The “Program of the Nation” is currently the major program of the Kazakh leadership for combating the crisis and increase of the economic growth. It is therefore very likely that the forthcoming discussions on the matters of internal politics and economy will go alongside with these institutional reforms in progress. As far as we know your feed-back will be very much appreciated, in how far these measures are appropriate and sufficient.

Should you have any questions, please do not hesitate to contact us.

Best regards,

Gabriel
